MuhamedKhairy

Objective:

As a frontend developer specializing in React, I bring a wealth of experience in translating design concepts into functional and intuitive user interfaces. With a focus on performance optimization and accessibility, I am dedicated to delivering seamless web experiences that engage and delight users across all devices and platforms.

Work Experience:

April (2021) - Present **Front End Engineer, Homzmart, katameya, Egypt**

- Collaborated with UX/UI designers to translate wireframes and mockups into visually appealing and intuitive user interfaces.
- Implemented responsive design principles to ensure optimal viewing experiences across a range of devices and screen sizes.
- Create Design System.
- Refactoring codebase and developing reusable components.
- Leveraged code-splitting techniques and lazy loading to prioritize critical content and improve initial page load times.
- Employed caching mechanisms and asynchronous data fetching to minimize server requests and optimize data retrieval processes.

September (2020) -March (2021) **Front End Engineer, Toutch Less, Sheikh Zayed, Egypt**

- Developed frontend features for the Touch Less QR platform to streamline digital interactions for users and businesses.
- Built responsive UI components and optimized layouts for mobile and desktop experiences.
- Worked closely with backend teams to integrate APIs smoothly and enhance overall system performance.
- Improved user experience by refining the interface, eliminating UX blockers, and enhancing usability.

Technical Skills:

- HTML, HTML5.
- Css, Sass
- TalwindCss, StyledComponent.
- BootStrap.
- JavaScript
- ECMAScript
- jQuery.
- TypeScript.
- React, NextJs
- ReduxToolKit, Redux
- Context API
- React Router Dom
- Vue Js, NuxtJs,
- Vuex,
- Vue Bootstrap.
- Git, Github

Projects:

Homzmart – https://homzmart.com/

Contributed to building a large-scale e-commerce platform specializing in furniture, appliances, and home goods. Focused on enhancing the user experience, improving performance, and ensuring a smooth and intuitive shopping journey for customers looking for quality products for their homes.

Seller Center - https://sc.homzmart.com/

Worked on a full-featured platform that connects sellers and administrators within Homzmart's ecosystem. The system includes role-based access, seller dashboards, product management, order handling, performance tracking, and admin-level controls designed to streamline daily operations and create seamless communication between teams.

HomzDesign - https://homzdesign.homzmart.com/

Developed major features for HomzDesign, an AI-powered interior design platform that generates 3D room visualizations, 360° tours, and 2D layouts. Built the full step-by-step user flow—room type selection, style selection, additional interests, measurements, and openings. Optimized performance, improved UX, and integrated frontend logic with AI models and the product catalog to deliver accurate and interactive room designs.

Toutch Less QR Code - https://touch-less.co/

Contributed to the development of a fast and user-friendly QR-based system designed to replace traditional menus and service interactions. Focused on enhancing usability, improving load performance, and ensuring a seamless experience across devices.

Work Motion

The Salary Estimation Website is a dynamic platform designed to provide users with accurate salary estimations based on their job title and location. Utilizing advanced algorithms and extensive data analysis, the website offers valuable insights into expected salary ranges tailored to specific roles and geographic regions.

Education:

2015 – 2019 **Bachelor Of Accounting, Faculty Of Commerce, Cairo University.**

Dec (2020) – April (2021) **Diploma Of Frontend, Route Academy**

- HTML, CSS, Sass, BootStrap, JavaScript, ECMAScript, React.JS, NodeJS

Languages:

- **Arabic:** Native
- **English:** Excellent

Personal Skills:

- Teamwork, Communication skills
- Leadership and Presentation skills

Personal Information:

Date of Birth: 1st October 1997
Military Status: Completed
